Monandengue fololo yala mungongo  
(Children are the flower and the beauty of the universe)

According to UNODC (United Nation Office on Drugs and Crime) human trafficking report, "Worldwide, almost 20% of all trafficking victims are children used for sexual exploitation and forced labour".

We should create a risk free environment for children by providing a better community, a better world to these little seeds that one day will become leaders of the nations. Together we can make our voices heard by creating awareness against child abuse, human trafficking and help to stop these epidemic acts of violence. *Vivalda Dula*

### Mora Em Nós (A Felicidade)

Não sei o que a vida me reserva  
You partir e viajar  
Conhecer o mundo todo  
Talvez encontre amores em cadência  
E rimas que não questionam  
Porque o mundo é tão redondo  
You me apaixonar não importa  
Ninguém me segura  
Sonhar de forma louca em novos caminhos  
Ver o pôr do sol de manhã já faz sentido  
You brindar ao bom da vida  
A felicidade mora em nós  
Talvez não tencione chegar a algum lugar  
O fim não importa mais  
O caminho foi percorrido  
Não me perguntes aonde vou  
Não pretendo ter certeza  
You explorar a dimensão  
De um novo Eu aqui.

### Butterfly Soldier

Start your day with your head up  
Unfold your fears  
Don't give up on who you are  
Don't be shy to try  
Some will try to put you Down  
Into the lower side of the road  
A light shines in the dark  
and shows where you supposed to be  
Some will say you'll never make it half the way  
You've got to believe in you its not over  
Be strong  
Be brave  
Be you  
Be oh oh oh  
Be a butterfly soldier

If you dive in a pool of sorrow  
Go on tomorrow will be great  
We have our demons inside but  
we shouldn't let them decide  
Our dreams and destiny

Butterfly soldier go on  
You've got to believe in you  
Make this day a better day  
and let it shine on you  
Let me lift you higher  
Be bold butterfly soldier  
Don't stop you've got to be free for you  
Smile away and make today the greatest day to love
